The OPA Clearinghouse

The Office of Population Affairs (OPA) Clearinghouse offers free educational materials on abstinence, contraception, adolescent pregnancy, sexually transmitted diseases (including HIV/AIDS), and other reproductive health and family planning topics. We provide materials to Title X grantees and clinics, health care providers, educators, and the general public.

Most publications are available in English and Spanish. Several are written and designed specifically for adolescents. All materials are free—but because supplies are limited, some annual quantity restrictions apply.

We regularly update our publications list. To view or print the most recent version, go to:
<http://opa.osophs.dhhs.gov/pubs/pubborder.pdf>.

Questions? Call us on our toll-free line, 1-866-640-7827, 9 a.m. – 5 p.m. eastern time, Monday – Friday.

3 convenient ways to order
